We provide Tomás with the following hot topic summaries for both (from the attached list) as well as the attached briefing paper for Rosemont. Perhaps these could be easily updated.

Hi Nancy

It is my recollection that Paul Amato provided briefing papers on Cargil and Rosemont when Tomás started his new position. If additional information is needed, we can provide that to you on Monday morning when folks are in the office.

Thanks, E.

Good Morning,  
Liz and the Saltyworks team – can you provide a recent briefing paper (off the shelf) to me with a cc to Jason? I am hoping you can get to me before Monday morning at 9:30. I think both have projects have recent briefing papers but for the saltyworks can you include the latest status on our need (or not) for additional \$?  
Thanks,  
nw

Good morning,

I am scheduled to meet with Shapiro, Grevatt, Best-Wong, and possibly Beauvais next Wednesday. These will be short visits mostly to build relationships but also an opportunity to flag any issues (successes, challenges, and

opportunities). I seek your help with the relevant materials I may need for this (hopefully off-the-shelf) and any messages you'd like me to deliver **by cob Monday**. At a minimum I will need a paper on Cargil and Rosemont as Benita would like to talk about these. Mike, since Grevatt is interested in the ULO issue, is there more I can say about the upcoming challenge with Hawaii (or was it California) in meeting their disbursement target and what we expect to do if that happens. John, I may meet with Shah Surabhi of the Urban Waters program regarding her most recent inquiry (which I forwarded to you) – we can discuss at our 9am.

Thanks
